

STAR BRITE - SNAP & ZIPPER

16,60 €

Teflonhaltiges Fett zur Pflege von Reißverschlüssen und Druckknöpfen. Schützt und sorgt für leichtgängiges Öffnen und Schließen. Verhindert langfristig das Ansetzen von Schmutz und Verunreinigungen.

Artikelnummer: 91143

Kategorien: [Bootspflege & Reiniger](#)

SNAP & ZIPPER LUBRICANT

- KEEPS ALL SNAPS AND ZIPPERS WORKING SMOOTHLY
- HELPS PROTECT AGAINST CORROSION
- CAN BE APPLIED TO "STICKY" ZIPPERS TO MAKE THEM OPEN EASILY

Use on boat top snaps, side curtain zippers, convertible top boot snaps, plastic window zippers and any other snaps and zippers which are exposed to the elements. Just one light application protects against corrosion, reduces wear and friction, prevents binding and repels salt-spray deposits. Safe for use on all types of metal snaps, and both metal and plastic zippers.

DIRECTIONS

SNAPS: Press tube nozzle into snap and apply a small amount of lubricant to all areas of contact. Push snap together and pull apart several times. Wipe off any excess lubricant.

ZIPPERS: Close zipper and apply a small amount of lubricant to center area. Open and close zipper several times to distribute product evenly. Wipe off any excess lubricant. One application lasts for months. Re-apply at the first sign of increased friction or binding.

CAUTIONARY INFORMATION: This product contains white mineral oil and is not considered toxic. It is however, not intended for human or animal consumption. Store safely away from children and pets. Do not store in open or unlabeled containers. Clean up any leaks or spills. KEEP OUT OF REACH OF CHILDREN.
